

A close-up photograph of oak leaves and acorns. The leaves are green with characteristic lobed edges. One acorn is prominently featured in the center, showing its cap and nut. The background is a soft-focus mix of more leaves and a hint of a blue sky.

**Zechariah 01:19 And I said unto the  
angel that talked with me, What be  
these? And he answered me, These  
are the horns which have scattered  
Judah, Israel, and Jerusalem.**
