

Genesis 13:06 And the land was not able to bear them, that they might dwell together: for their substance was great, so that they could not dwell together.

A detailed terrarium scene featuring a small waterfall cascading over several large, reddish-brown and grey rocks. The rocks are arranged to create a naturalistic flow of water. Lush green plants, including moss and small leafy species, are scattered throughout the scene, particularly around the base of the rocks and along the edges of the water. The background is filled with more greenery, creating a dense, vibrant environment.
