

A close-up photograph of a bright red flower, possibly a species of ginger or a similar tropical plant. The flower has several long, pointed petals that are a deep, saturated red. In the center, there are prominent yellow stamens. The background is filled with various green leaves, some of which are variegated with white or light green patterns. The overall scene is lush and vibrant.

1st Kings 12:31 And he made an  
house of high places, and made  
priests of the lowest of the people,  
which were not of the sons of Levi.
