

A close-up photograph of a pink rose, showing the intricate layers of its petals. The petals are a vibrant pink color, with some showing lighter, almost white, variegation. Several small, clear water droplets are scattered across the surface of the petals, catching the light and adding a sense of freshness and texture. The background is a soft, out-of-focus green, suggesting the presence of leaves and other parts of the rose bush.

**Luke 20:41 And he said unto them,  
How say they that Christ is David's  
son?**
