

A close-up photograph of pink lily flowers and buds. One flower is in full bloom in the upper right, showing six petals and a yellow center. Two buds are in the foreground, one on the left and one on the right, both showing the characteristic six-lobed shape of lily buds with green and pinkish-red hues. The background is filled with long, green, lanceolate leaves and other out-of-focus flowers.

take his brother's wife, it is an
unclean thing: he hath uncovered
his brother's nakedness; they shall
be childless.
