

A close-up photograph of two vibrant orange butterflies resting on a light-colored, textured rock. The butterfly in the foreground is positioned lower and to the left, while the second one is slightly higher and further back. The background is a soft-focus green, suggesting foliage. The text is overlaid in white, bold, sans-serif font across the center of the image.

Ezekiel 42:05 Now the upper chambers were shorter: for the galleries were higher than these, than the lower, and than the middlemost of the building.
