

A close-up photograph of a daisy-like flower with numerous petals. The petals are primarily yellow with prominent red or maroon streaks running through them. The center of the flower is a dense, textured orange-brown. The background is dark and out of focus.

Leviticus 13:03 And the priest shall look on the plague in the skin of the flesh: and when the hair in the plague is turned white, and the plague in sight be deeper than the skin of his flesh, it is a plague of leprosy: and the priest shall look on him, and pronounce him unclean.
