

A photograph of a rocky coastline. The foreground is dominated by a large, textured mass of bright green seaweed or algae, which appears to be growing on a dark, wet rock. To the left and in the background, the ground is a mix of brown sand and small rocks, with some shallow, rippling water. The overall scene is natural and somewhat desolate.

**Isaiah 01:06 From the sole of the  
foot even unto the head there is no  
soundness in it; but wounds, and  
bruises, and putrifying sores: they  
have not been closed, neither  
bound up, neither mollified with  
ointment.**
